

The NOMAN TECHNOLOGIES "VIEW MASTER" is the must-have product for disinfection professionals. This movable UV-C tower provides the perfect disinfection solution, cleaning multiple rooms in a short period of time.

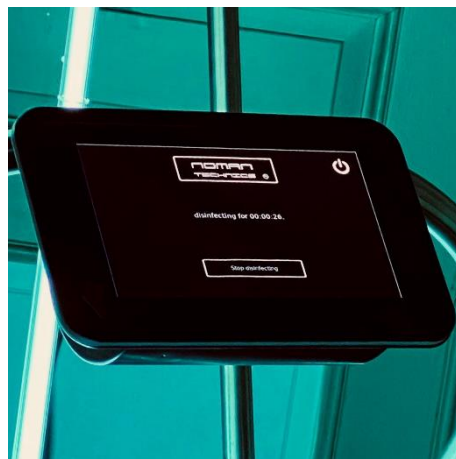

The operator can freely move the device to his or her desired location, and select the suitable program via the built-in touch screen. The operator has the appropriate amount of time to leave the room and disinfection can begin!

Safety is always ensured by means of the built-in motion sensors.

Here are the key points:

- ALL IN ONE: AIR AND SURFACE DISINFECTION
- UV-C technology: state of the art UV-C lamps
  - o Powerful
  - o Minimalized cleaning time
  - o Reliable
- IN-HOUSE DEVELOPPED DISINFECTION PROGRAM
  - o Control the system via touchscreen
  - o Choose your own program
  - o You are always in control
- SAFE
  - o Built-in motion sensors ensure the safety of your workforce, your costumers and yourself
- MODERN DESIGN
